AquaBanas®

Redefining Water Entertainment™

Who are we?

We Design and Sell Great Stuff!

After designing and placing 100's of custom inflatables on many of the worlds largest superyachts since 2009, Mark Anastasia created AquaBanas to satisfy a niche that exists in the water entertainment market. These high quality inflatables are extremely durable and can reliably stay on the water for months at a time. AquaBanas are built to the highest mega yacht standards, and are designed in a modular format that makes them easy to handle, deploy and store.

The Party Bana has plenty of room for more than 8 Adults inside.

What are AquaBanas?

Building your Bana Combo

AquaBanas are high quality inflatable floating decks (called Banas) that connect together to form larger floating platforms called Bana Combos. All systems start with either the Party Bana or the Picnic Bana and include the following standard features, as applicable:

Standard Features

1 - 20cm/8" Drop Stitch
2 - Standard Flag Blue Color
3 - Non-Slip Top Surface
4 - Tent Anchor Rings
5 - Quick Step Access
6 - Stable Ballast Bags
7 - Footwell Openings
8 - Drop Stitch Table Top
9 - Inflated Back Rests
10 - Cooler Cut Out
11 - Multiple Inflation Valves

Picnic Bana
Seats 10+ Adults

Did you know?
AquaBanas Decks can support over 1000 pounds on water!

Flaps between decks keep the gap sealed!

All Bana decks have Gator Mouth flaps that are used to cover over the seam where the 2 bana decks meet. These flaps are easy to install and stay firmly in place.

Check this out!

Standard Features

Inflated back rests for sitting or leaning.

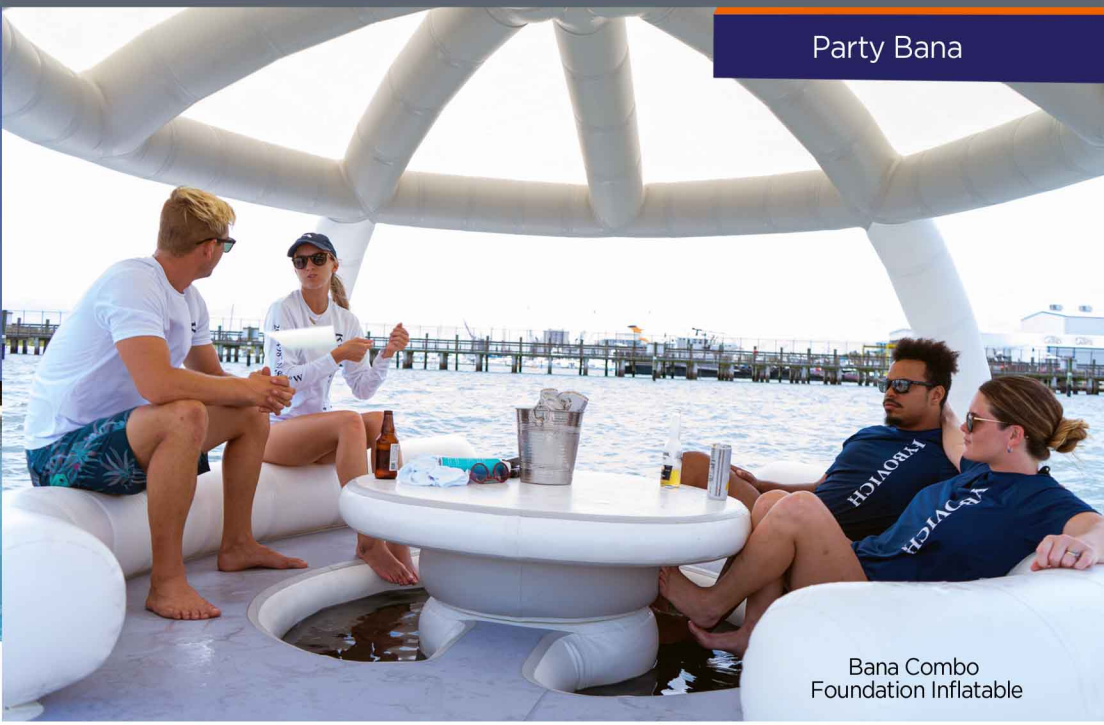
Rock solid 48” table sits firmly.

Bana Tent provides great shade.
Netted footwells.

Non Slip Top Surface for excellent traction!

Quick Step Access

Party Bana



Bana Combo
Foundation Inflatable

AquaBanas create attention everywhere they are seen on the water. The quick step access and non-slip surface makes it easy for people of all ages to get on board and move around. AquaBanas operate in as little as 36" of water and provide amazing shade when a BT120 Bana Tent is added.

Fits 8 adults comfortably.

Our Flagship Bana Deck!

Picnic Bana

Bana Combo Foundation Inflatable

The Picnic Bana is the Flagship of the AquaBanas product line. This impressive inflatable comfortably seats 10+ adults at the table with plenty of room to spare. With the extra deck space, you can easily support over 1 ton of partying fun including people, coolers, SEABOB®s, kayaks, and much more.

The Picnic Bana provides an amazing way to experience a day on the water. Add a tent for shade and to hang a speaker and light if partying into the night.

C BOB Bana

Almost every Superyacht in the world has a set of the ultra fun SEABOB®s on board. The new AquaBanas C BOB Bana is a great way to keep them organized while on the water. This deck connects to any bana deck, and is designed to add a BT120 tent to keep the toys shaded. Designed to hold (4) SEABOB®s, and additional deck space for more toys, the C BOB Bana deck is a perfect addition to a Party Bana or other deck. The quick step access makes it easy to get on board.

Adding a tent to keep things shaded is easy!

Length Overall	**340 x 340cm - 11' x 11'**	**Standard Features**		**Standard Equipment**
Height	**20cm - 8"**	20cm thickness Drop Stitch Fabric	Anchor Points	Carrying Wrap
No. of Chambers	**1**	Ballast Bags		Repair Kit

Stored Dims	**70 x 50 x 30cm - 30" x 20" x 12"**	Non-Slip Surface	Double Layer Side Walls	

Launch Bana

The Launch Bana makes a great launch platform!

The Launch Bana is an awesome utility inflatable that serves many purposes. It can be used as a floating bar, a deck to sunbathe, or even as a launching station for kayaks, paddle boards, tender boats, SEABOB®s, PWCs and more. The deck is ultra stable due to the attached ballast bags and features a non-slip top surface for sure footed traction.

The perfect platform for all your water toys!

Length Overall	340 x 340cm - 11' x 11'	Standard Features		Standard Equipment
Height	20cm - 8"	20cm thickness Drop Stitch Fabric	Anchor Points	Carrying Wrap
No. of Chambers	1	Ballast Bags	Cooler Cut Out	Repair Kit
Weight	40kg - 88lbs	316 Stainless Steel D-rings		Instruction Sheet

Stored Dims	70 x 50 x 30cm - 30" x 20" x 12"	Non-Slip Surface	Double Layer Side Walls	

Command Bana

The Command Bana allows 4-6 people to sit or lay comfortably on the deck. The 2 seats are placed at a 45 degree angle so people seated will have a commanding view of everyone around them, as well as giving them a cool place to sit in the water. The quick step access is on the inside of the unit. Add another bana deck, a lounger, or a Bana Tent, to enhance the experience.

Length Overall	**340 x 340cm - 11' x 11'**	**Standard Features**		**Standard Equipment**
Height	**20cm - 8"**	20cm thickness Drop Stitch Fabric	Anchor Points	Carrying Wrap
No. of Chambers	**1**	Ballast Bags	Quick Step Access	Repair Kit
Weight	**50kg - 110lbs**	316 Stainless Steel D-rings	Cooler Cut Out	Instruction Sheet

Weight	**60kg - 132lbs**	316 Stainless Steel D-rings	Quick Step Access	Instruction Sheet
Air Pressure	**4.5 psi**	Handles	Tent Ready	
Stored Dims	**110 x 60 x 30cm - 43" x 24" x 12"**	Non-Slip Surface	Double Layer Side Walls	

Transition Bana 410

The Transition Bana 410 is designed to connect most major manufacturers' water park systems together!

AquaBanas has designed a way to interconnect AquaBanas products to just about any water park system on the market today. This is big news! The Transition Bana 410 has fittings in all the right places to seamlessly make the connection so the operator can offer a super comfortable rest area for the parents to watch their kids.

The Transition Bana 410 has a series of D-Rings on the top and bottom to allow connections to most major inflatable systems. You can even add a Bana Tent with the connecting rings on the top of the deck.

Length Overall	410 x 340cm - 13'-6" x 11'	Standard Features		Standard Equipment
Height	20cm - 8"	20cm thickness Drop Stitch Fabric	Anchor Points	Carrying Wrap
No. of Chambers	1	Ballast Bags		Repair Kit
Weight	70kg - 154lbs	316 Stainless Steel D-rings		Instruction Sheet
Air Pressure	4.5 psi	Handles	Tent Ready	
Stored Dims	120 x 70 x 30cm - 48" x 28" x 12"	Non-Slip Surface	Double Layer Side Walls

We are proud to announce that Aqua Kef will be opening a massive P70 Combo System in June of 2020 in Tiberias, Israel.

Bana Tents provide real shade!

Bana Tents

The most popular tent is the BT120. It's a lowboy design that provides a huge amount of shade over the seating area and at the same time is open with a roomy with a 180cm/72" clear height. Bana Tents are designed to be versatile enough to use on the AquaBanas decks, or to float by themselves on water, or to be used as shade on the beach land!

There are 6 styles of tents available to fit any possible combination that may arise. Contact a sales representative for more details.

Height	226cm - 90"	0.6mm Reinforced PVC	Anchor Points	Carrying Wrap
No. of Chambers	1	2.75psi PRV Included	Ring to Hang Light	Repair Kit
Weight	32kg - 70 lbs	316 Stainless Steel D-rings	Hang Bluetooth speaker inside.	Instruction Sheet
Air Pressure	2.75 psi	Handles	Removable Tent Top	
Stored Dims	100 x 50 x 30cm - 40" x 21" x 12"	Non-Slip Surface		

Designed for use on Land or Water!

Bana Tents

Bana Tent BT120

All Bana Tents are strong and durable. Use them on the AquaBanas deck, floating on the water, or on the land as a shade for the loungers. Each tent leg has been reinforced for land use to prevent any type of abrasion damage. Strong rings on the sides anchor the Bana Tents to the ground.

Great for:

On the Beach

On the Deck

On the Water

The low profile tents keep shade where it's needed!

Creating Bana Combos

Create this P14 Party Bana Combo for 14 people in about 30 minutes!

AquaBanas are designed to easily connect together to form larger platforms called Bana Combos. Every Bana deck has #316 stainless steel rings located 200cm apart (80") that line up with adjoining decks to make a simple and smooth connection. The seam is covered with a non-slip cover that velcro's into place with gator mouth flaps.

Four easy steps to create your Bana Combo!

Step 1 - Start with a Bana Foundation table.

\+ **Step 2** - Add another Bana, such as a Splash Bana.

\+ **Step 3** - Add Lounger(s) as desired.

\+ **Step 4** - Add a Bana Tent.

= An all day Party Bana Combo!

Our Loungers float on water!

P10 Combo

This powerhouse combo provides a full day of fun!

The P10 Combo is perfect for sandbars and other shallow water front locations like beach bars and restaurants. The unit consists of a Double Lounger (up to 3 can be connected), a Party Bana, and a BT120 Bana Tent.

It's a great opportunity to monetize the P10 Combo as a daily rental unit for a great ROI.

The AquaBanas P40 Combo comfortably holds over 40 people!

P40 Combo System

The P40 Combo System includes:

1x - Picnic Bana	1x - Transition Bana
1x - Party Bana	1x - BT120 Bana Tent
1x - Splash Bana	1x - BT180-WT Bana Tent
1x - Launch Bana	8x - Raised Double Loungers

The P40 Combo System is made for large groups that want to hang out on the water and have a full day of fun. Contact an AquaBanas sales representative to discuss designing the perfect Bana Combo system for your needs.

P14 Party Combo

The P14 Party Combo is perfect for a remote location. This system gives you a place to relax and get out of the sun while also still enjoying some toys! The Launch Bana acts as a great place to launch SUPs and Kayaks, and also park a Jet Ski, SEABOB® or other watercraft. Lay on the Double Raised Loungers or chill under the tent.

Up to 23 people can float on water!

P13 PWC BOB Combo

Wow! The P13 PWC BOB Party Combo is a fully packed system that allows parties to create a resting and launching area just off shore. Go ahead and stock up the cooler, grab a bluetooth speaker, prepare to relax and party the day away while you explore your surroundings on SEABOB®s, E-Foils and PWCs. Call for details!

P23 Mega Party Combo

The P23 Mega Party Combo connects 3 Mega Loungers to the Party Bana for an on water experience that is incredible. Add a BT120 Bana Tent to give shade to the table while up to 23 people can hang out and have a blast!

Call a sales representative for more details.

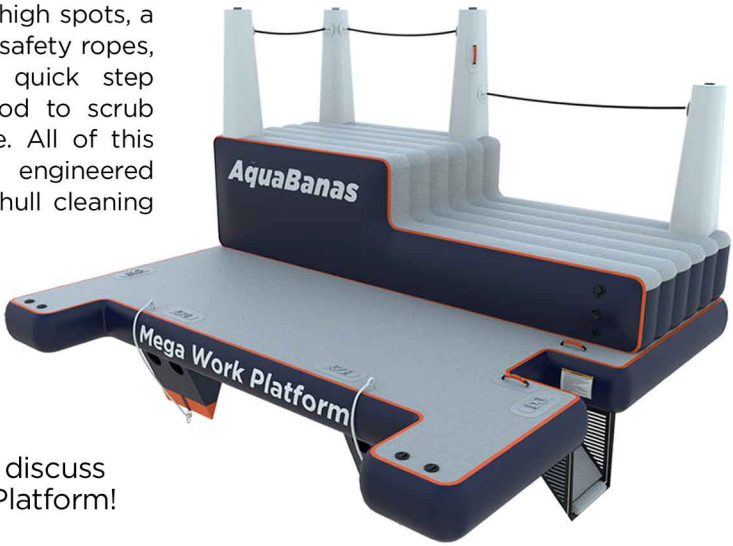
Mega Work Platform

They say a picture's worth a thousand words!

Designed with Yachties in mind, the Mega Work Platform features 2 levels to reach the high spots, a non-slip top surface, safety ropes, tool leaning areas, quick step access, and a method to scrub below the water line. All of this adds up to a well engineered product that makes hull cleaning more efficient.



Give us a call to discuss the Mega Work Platform!

Custom POP Pools

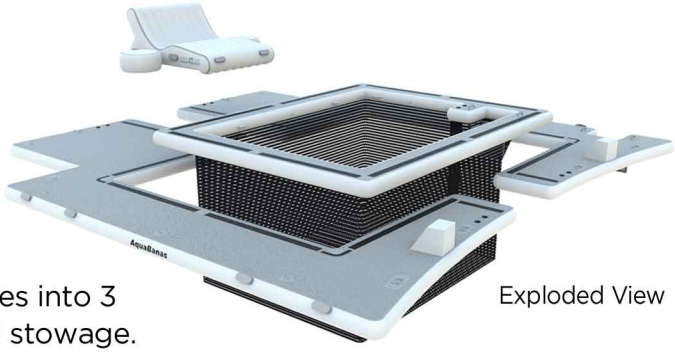
The AquaBanas POP Pool is a revolutionary inflatable pool design for yachts. POP stands for Pop Out Pool, and it allows the netted pool portion to be taken out separately from the deck. The pool deck is also broken into smaller pieces that are much lighter and easier to handle, deploy and stow. All POP Pool designs are custom fitted to each application. Contact a sales representative for details.

Create your own off shore paradise!

Sea Pools made easy and convenient!

POP Party Combo

Spend the day on the water chilling in the AquaBanas Party Bana and create memories like no other! We can help you design your own specific POP (Pop Out Pool) Pool and AquaBanas Combo package to fit your taste. Also, adding an AquaBanas deck system to any exisiting yacht sea pool is not a problem.



The POP3 pool separates into 3 parts for easy set up and stowage.

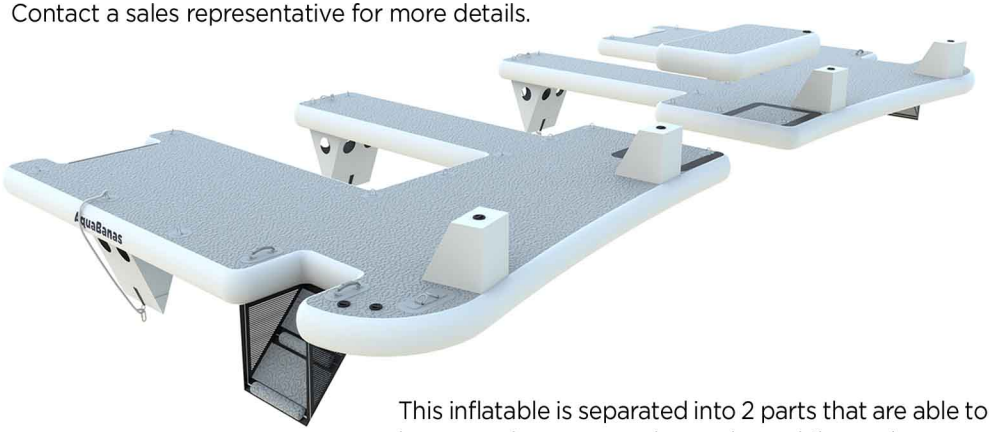
Exploded View

Custom Jet Ski Docks

Courtesy of
MY Big Sky

AquaBanas provide a Jet Ski Dock solution that makes handling, deployment and stowage much easier. These multi part inflatables are designed to fit the curve of the transom, and have bollards, as needed, to keep the inflatable from going under the swim platform. All Jet Ski Docks have non-slip surfaces and are custom made for each yacht.

Contact a sales representative for more details.



This inflatable is separated into 2 parts that are able to be securely connected together while at the same time are lighter and easier to handle.

Weight: 1.7 kg/ 4 lbs
2m (80") inflation hose (25mm)
2m power wire
Built In sand filter

Stocked in Florida in both 120 volt and 230 volt with Euro plug.

Connect multiple hoses with the "Y" adapter!

Add a 5 pack of adapters when ordering.

All Bravo Pumps are stocked in Florida in both 120v and 230v with a Euro plug.

Regulate Sealed Air Structures!

Auto Refill System

Bravo ARS IP 65 Auto Refill System

The new Bravo Auto Refill System (ARS) IP-65 air pump keeps your large sealed air inflatable structures regulated to a pre-determined pressure range. This is great for large tents, touring events, and all other sealed air items that need to stay inflated in various atmospheric conditions for long periods of time.

Technical Features:
Maximum power 2000 watts.
Available in 120v/60hz or 230v/50hz power.
Maximum pressure 5 psi.
Maximum output - 2000 liter/min with 40mm hose.
Thermal cutoff on 2 motors - 30 second auto reset.
Waterproof Case

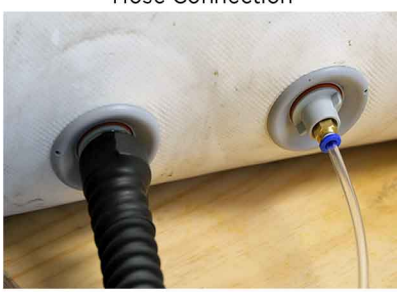
The Auto Refill System maintains large sealed air inflatable structures at the proper pressure levels automatically.

Great for large sealed air structures!

Digital Control Panel

Pressure Input

Hose Connection



Typical Connection

Our Most Popular Pump!

Bravo 2000 Pump

2 motors with dual stage power:
Motor 1 - up to 1200 l/min, 2.0psi, 1000 watts
Motor 2 - (Booster) increases to 2000 l/min, 5.0psi, 2000 watts power.
2m (80") Heavy Duty EDPM Hose.
Thermal Overload Protection.

Dims - 32cm x 17cm x 26cm, 4.1 kg/ 9 lbs

Quickly add a Y" connector for dual inflation hoses. The inflatables will inflate much faster and more efficiently than with a single hose!

2 stage high/low output for varied inflation rate.

Add a 5 pack of inflation adapters when ordering.

BRAVO®

All Bravo Pumps are stocked in Florida in both 120v and 230v with a Euro plug.

Reduce set up time and be safe!

Inflation Solutions

Add a “Y” connector to inflate 2 chambers at the same time!

Hoses are stocked in lengths of
3m (10’)
5m (16’)
10m (33’)
25m (82’).

Custom length hoses can be made on demand.

AquaBanas offers a variety of Inflation Solutions that can be geared to make your inflation times substantially faster, and safer. Whether it’s one of our “Y” connectors, or our custom length hoses, we are here to help.

Faster and More Efficient Inflation

40mm Max Flow Kit

HV260 Valve

Add (2) HV260 valves, a Y connector and (2) 40mm hoses for super fast inflation.

Decrease the inflation time of large inflatables by adding a 40mm Max Flow inflation kit. This unit can be added to any new PVC product that is ordered, or can be retrofitted. This is especially good for yacht related products where time is crucial on set up and take down.

Kit includes: 2m (80") 40mm hose, (1) HV260 Valve, Gasket, and Valve Tool.

Much faster!

More efficient!

Pumps stays cooler!

Fits "Y" connector!

Retrofit any PVC inflatable!

Perfect for large volume inflatables!

Vinyl Clean Plus

Vinyl Protectant

Our Vinyl Protectant is a conditioner for your inflatables that makes them last. Use it on the slide sheet for a super fast slide!

Our Vinyl Clean Plus is an amazing cleaner that is environmentally safe and will bring your products back to life.

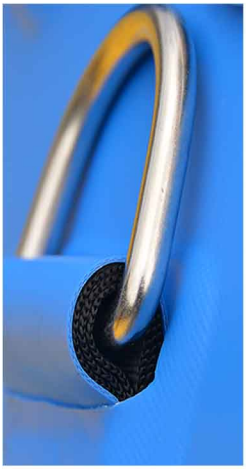
Anchor Ring Plates

All anchor plates are in stock and available in a wide range of colors.

Anchor plates are one of the most important components on any water inflatable. They hold the units in place so they can be safely utilized. Inferior plates can break due to the impact forces they may incur.

AquaBanas has a wide range of high quality anchor plates and handles in stock in up to 9 different colors.

Quality Construction with #316 stainless steel, and triple layer nylon webbing reinforcement.



Quality!

1.5” Single Circular Plate

2” Single Circular Plate

Triple D-Ring Plate

2” Double D-Ring Circular

Handle

Jandle

2” Double D-Ring Oval

Don’t see what you need?

AquaBanas has additional handles and anchor rings on our website. We can also design and fabricate custom anchor plates that will fit your specific application.
